

1 Section One

[J1] [J2]

Journal Ref

- [J1] John Doe and Jane Doe. Dummy article to be replaced by other references. *Journal of xyz*, 2000.
- [J2] N. Ikoma. Uniqueness of Positive Solutions for a Nonlinear Elliptic System. *NoDEA: Nonlinear Differential Equations and Applications*, 16(5):555–567, 2009.

Conferernce Reference

- [C1] E. Montefusco, B. Pellacci, and M. Squassina. Semiclassical states for weakly coupled nonlinear Schrödinger systems. *J. Eur. Math. Soc*, 10:47–71, 2008.

2 Section Two

[C1]

3 Section Three

[J1]

Journal Ref

- [J1] John Doe and Jane Doe. Dummy article to be replaced by other references. *Journal of xyz*, 2000.
- [J2] N. Ikoma. Uniqueness of Positive Solutions for a Nonlinear Elliptic System. *NoDEA: Nonlinear Differential Equations and Applications*, 16(5):555–567, 2009.

Conference Reference

- [C1] E. Montefusco, B. Pellacci, and M. Squassina. Semiclassical states for weakly coupled nonlinear Schrödinger systems. *J. Eur. Math. Soc*, 10:47–71, 2008.
